### Online Dressage Team Competition

Online Dressage Team event will allow competitors to enter as a team and gain points in the team league throughout the year

#### The Rules

Each team must consist of 3 different competitors and horses (these don't have to be from the same yard as it's an online competition team members can come from anywhere)

Each horse and rider combination can only be a member of 1 Team per monthly competition

2 competitors and horses can compete at the same level the other must compete at a different level. ie 2 competing at intro and 1 at prelim etc. Or each team member can compete at a different level ie 1 at intro, 1 at prelim and 1 at novice etc.

Places 1st to 6th will be allocated to individual placings within the team competition. All 3 placings count and if any competitor isn't placed no points are allocated to them and only placed team members will count.

Points will be allocated per placing for each team member

Teams will then be placed for that months competition (1 rosettes 1st to 6th per team) ie the winning team scores 6 points, 2nd 5 points and so on.

The team with highest league score wins should there be a draw then the team with the most placing points wins

Entry fee £21 per team (£7 per team member)

Each team member can also enter as an individual and therefore gain individual placings and enter the individual league at the same time ( using the same video entry)

Individual entry fee for team members £5 ( so that's just £12 per person for both events)
